TTWine

Bottle holder with Essential and Elegant Design

The wood of the barrel, a precious element in the life of a wine, becomes the essential protagonist in **TTWine**.

Oak meets iron, perfectly shaped to follow the silhouette of the bottle.

TTWine holds 9 bottles horizontally, the optimal condition for preservation.

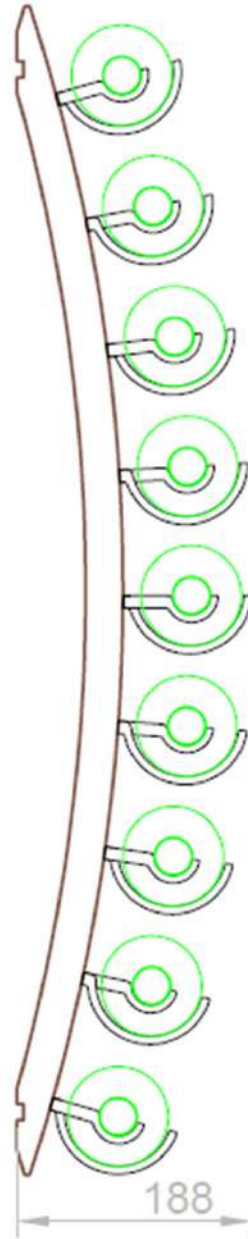

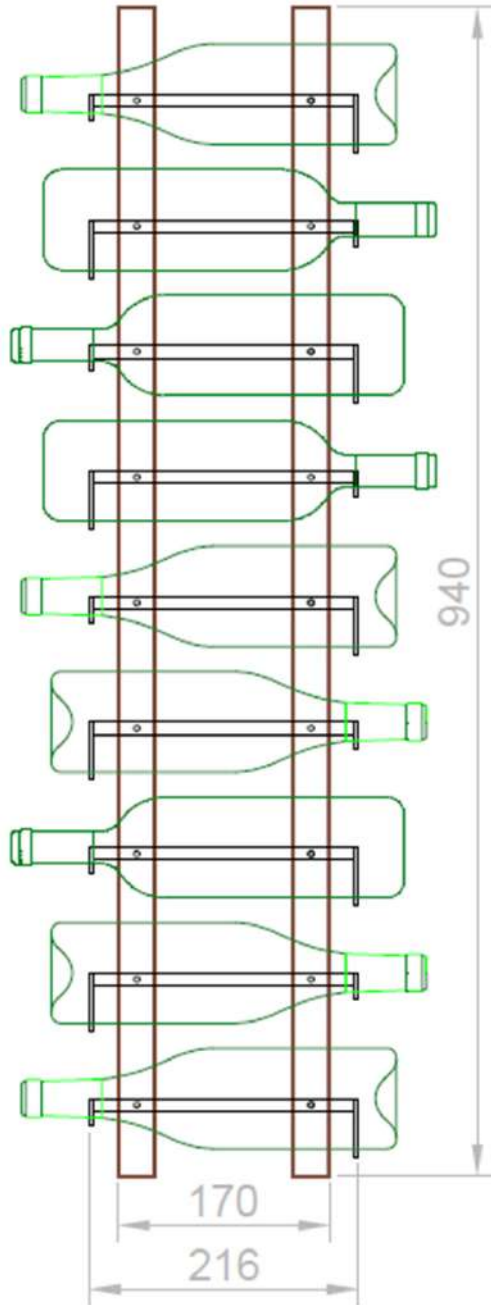

The barrel, having reached the end of its aging cycle, is dismantled, and the individual staves, properly treated, are regenerated and become the backbone of **TTWine**.

TTWine is ideal for storing your favorite bottles on the wall at home or in your establishment to showcase selected labels to your customers !
